

Using BPAY[®] on NetTeller

The best thing about using BPAY through NetTeller is it is visual. While you're surfing the web you can also take a quick detour to pay an unlimited number of bills. NetTeller BPAY lets you arrange future-dated bill payments up to 366 days ahead of time. No money leaves your account until the payment date you specify, so you maximise your daily interest earnings. NetTeller BPAY has been specifically designed to protect your funds from unauthorised access, although you will need to ensure your own virus protection software is up to date.

There are over 4,000 billers in the national BPAY network, including most councils, telephone, electricity and gas organisations. Next time you've got a stack of bills to pay, why not get it over with in one hit. Look for the BPAY symbol on your household bills and then just log on to NetTeller via our website, www.nicu.com.au, and select the BPAY option under the Transfers menu. Register for NetTeller and BPAY at www.nicu.com.au.

For more information contact our Call Centre on 1300 65 65 81, or email info@nicu.com.au.
